

GENERAL INFORMATION

The SLEP 2021 Workshop will take place on October 15th, 16th, 22nd, 23rd, 29th and 30th, 2021.

Landing

To use the landing of the Workshop, you simply have to navigate, using the main accesses. To access the program, you must enter the Scientific Program button and the program per day will open. In addition, you will find Speakers, Contact and Sponsorship button.

On Demand

All registered persons will be able to see the content of the Workshop on-demand after the date of its completion for 30 days.

Official language of the Workshop

The official language of the event is English. However, some sessions will be held in Spanish and others in Portuguese. For more information, please visit the scientific program.

Main Topics

The Workshop is divided into 6 days. On each day, there will be a different theme:

- Diabetes
- DSD Adrenal
- Growth
- Thyroid
- Calcium and Phosphorus Metabolism
- Puberty

Scientific Sessions

All sessions will be pre-recorded with live transmission to avoid any connection problems that may prevent compliance with the development of the scientific program. Most of the sessions will have a Q&A space, where the participants will be able to ask their questions and the speaker can provide live responses.

Registration

The SLEP 2021 Workshop will offer a 100% online experience:

- Access to the 6 days of the Workshop: with your registration, you will be able to participate in the 6 themes of the event.
- Live and on-demand content: you can attend the conferences during the event or on-demand after completing the Workshop for 30 days.
- Live Q&A: questions will be answered by speakers in real time.
- Access to the Sponsors area.

Certificates of attendance

The certificates can be downloaded from the Workshop website as of November 15th.

ABOUT SLEP

SLEP, the Latin American Society for Pediatric Endocrinology was founded in 1986 under the leadership of César Bergadá. The society's main goal is to integrate Pediatric Endocrinologists, Endocrine Biochemists, Pediatrics, Endocrinologists or professionals from similar areas for the development of pediatric endocrinology in Latin America.

How to become a SLEP Member

SLEP invites all professionals working in Pediatric Endocrinology to become members. To join as a SLEP member, you must complete the following formulary that will be processed by the New Members Admission Committee (members@slep-endocrino.com), which will evaluate the conditions of the applicant and inform the Secretary General. Final acceptance will occur during the Members' Annual Assembly. For more information, please enter here: <https://slep-endocrino.com/joint-slep/>
